

EPS 8000 FAQ's:

⇒ *How often do I have to have the treatments?*

Typical treatment plan includes 5 visits in the first week, plus 3 treatments the second week, then 2 treatments the third week, tapering to 1 visit weekly for the next 2 - 3 weeks.

Specific treatment plans will vary by patient and diagnosis.

⇒ *How long does a treatment take?*

Allow 45 minutes from arrival at our office for a standard treatment.

⇒ *Does it hurt?*

No, this is a pain-free treatment.

⇒ *Can someone come with me?*

Our treatment room has space for one person to sit with you if you desire. Our spacious waiting room is also available. Please check with our staff before bringing young children with you.
